Your personal information including Contact Info, Home Address, and Emergency Contact will be listed under this section. If you wish to update this information, please contact your Staffing Specialist.

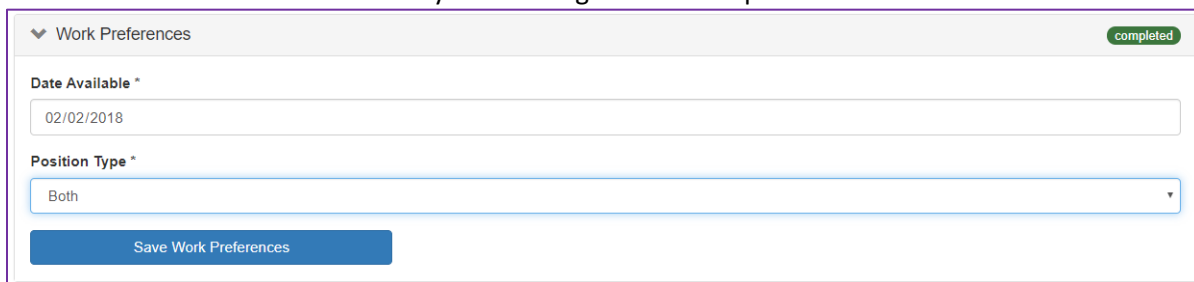

The Preferences section allows you to update your work preferences, Shift Preferences, and Work Locations by selecting the arrow by each section.

Work Preferences will allow you to select the date you are available to start picking up shifts and the position type that you prefer.

Travel positions will be long term assignments with 1 specific facility.

PRN positions are as needed shifts from any facilities signed with GrapeTree.

Under Shift Preferences you will be able to select which shifts you wish to see when looking for available shifts. We recommend mileage be set out to 50 miles to see the most job opportunities in your area.
